

House Overrides Truman Veto Of Labor Measure By 331-83 Vote

The House, shortly after one o'clock this afternoon, overrode President Truman's veto of the Labor Bill, by a vote of 331 to 83.

Washington, June 20 (P)—President Truman today vetoed the Taft-Hartley labor union control bill, saying it violates principles "essential to our public welfare."

Mr. Truman said the legislation is "completely contrary" to basic national policy of "economic freedom."

The message was sent to the House where Republican leaders already had marshaled their forces for a quick vote to override the veto and pass the measure over Mr. Truman's disapproval.

The White House announced that Mr. Truman will make his arguments against the GOP measure directly to the people in a broadcast tonight. He will speak over all networks for about 15 minutes beginning at 9 p. m., Eastern Standard Time.

Provisions Of Bill

- Here are the major provisions of the bill:
1. Let the government get court orders to block "national calamity" strikes, as in the coal or steel industries, during 90 days of mediation.
 2. Forbid the closed shop, in which the boss can hire only union help.
 3. Ban various kinds of special strikes and boycotts.
 4. Permit court suits against unions that break contracts.
 5. Deny collective bargaining rights to any union having as an officer a Communist or sympathizer, or anyone who could "reasonably be regarded as one."
 6. Make it an unfair labor practice, which could be stopped by a court order, for a union to keep non-striking workers from their jobs by mass or violent picketing.
 - 5,500-Word Message
 7. Forbid "excessive or discriminatory" union dues and initiation fees.

In a 5,500-word message, the President told the Congress members that the legislation is a "clear threat to the successful working of our democratic society."

He declared:

"This bill would go far toward weakening our trade union movement, and it would go far toward destroying our national unity."

"By raising barriers between labor and management and by injecting political considerations into normal economic decisions, it would invite them to gain their ends through direct political action."

"I think it would be exceedingly dangerous to our country to develop a class basis for political action."

The President said there still is a genuine opportunity for enactment at this session "of appropriate labor legislation," and added:

Favors 'Moderate' Bill

"I still feel that the recommendations which I expressed in the State of the Union message constitute an adequate basis for legislation which is moderate in spirit and which relates to known abuses."

In that message in January, the President said he recommended "a step-by-step approach" and indicated, specifically, problems which should be handled immediately. He also proposed a non-partisan investigation covering the entire field of labor-management legislation.

He said he was "fairly convinced" the current measure would weaken the economy and weaken the unity of the people.

Second Veto

The President's veto was the second one slapped on legislation developed by the Republican-dominated Congress in line with pledges made by party speakers in last year's political campaigns which gave it control of the national legislature.

Two big GOP campaign promises were:

1. A reduction in taxes.
 2. Revision of the labor laws.
- Mr. Truman vetoed their tax-cutting bill last Monday and the House upheld his action by a two-vote margin.

Today's action swept away any remnants of White House-Congress cooperation in the domestic field that had survived last Monday's veto.

Disagreeing with the whole philosophy of the labor measure, the President declared it would be "a dangerous stride in the direction of a totally managed economy" and said "it contains seeds of discord which would plague this nation for years to come."

RESIDENTS ASK PUPILS BE SENT TO EAST BERLIN

Twenty-five residents of the lower part of Latimore township, meeting Thursday night at Mechanicsville (Bragtown) voted to ask the Latimore township school board to send the youngsters from that section in the 7th and 8th grades to the junior high school at East Berlin.

They also presented a petition to send the high school students to East Berlin and asked that one of the two schools in the lower end of the township be kept open for the 34 students in grades one through six that will remain in pupils in the seventh through 12th grades are sent to East Berlin.

Robert E. Hoak, a member of the committee which arranged for the meeting and who presided at Thursday's session, displayed a petition which he had presented for signature to residents of the area.

64 Sign Petition

Sixty-four signatures were on the petition which asked the patrons to signify their choice of a high school for pupils in that section of Latimore township. They were asked to designate either East Berlin or York Springs high school. There were no signatures under York Springs, all preferring the East Berlin set-up.

Hoak said the patrons he had contacted were those living south of the road between Pondtown Mill and Mechanicsville.

Those voting in favor of retaining the 34 students in grades one through six in a school in that area pointed out that it would be impossible to transport the first six graders to other schools in the township so that the number of grades per school could be reduced.

Divide Grade Pupils

They estimated, however, that the 72 other students in the township in grades one through six might be divided between two schools in the upper part of the county with grades one through three at one school and grades four through six at the other. However, they did not make that conclusion part of the recommendations they plan to submit to the Latimore school board, pointing out that those who send children to those schools should make the recommendation.

While determined to keep their first six grades in their own section, the patrons present asserted that if the time comes to send the youngsters some place else they would prefer to have them go to East Berlin.

Favors 'Moderate' Bill

"I still feel that the recommendations which I expressed in the State of the Union message constitute an adequate basis for legislation which is moderate in spirit and which relates to known abuses."

In that message in January, the President said he recommended "a step-by-step approach" and indicated, specifically, problems which should be handled immediately. He also proposed a non-partisan investigation covering the entire field of labor-management legislation.

The chief operator also said that there are 25 operators at the local exchange, with six to eight operators working in shifts of two, three or five hours. None are permitted to work more than three hours without a 15-minute rest period, she said, and most of the operators receive a rest period at the end of two hours' duty.

Members of the club were permitted to ask questions, which were answered by Mr. Snyder and Miss Irvin.

'Kids' Council' Lists 200 Items For Attention Of Town Council In Borough Checkup

Gettysburg's "Kids' Council" found nearly 200 things in Gettysburg that needed attention during a trip over the borough Thursday morning and then reported their finding at a meeting Thursday afternoon in the borough police office.

EXPECT CROWD AT FIRE COMPANY BAZAAR TONIGHT

The Gettysburg fire company looked forward today to a gala evening at the engine house on the closing night of the two-day festival conducted by the company.

While the crowd at Thursday night's session was described as "mighty slim" by the firemen, they believe that this evening will bring out large crowds.

Collections are reported as "very good," and there are large amounts of cakes, candy and such foods available in addition to the games conducted at the engine house on East Middle street.

The kiddies will have an opportunity again this evening to ride the fire engines, a custom that was resumed Thursday night. Starting about 6:30 o'clock this evening the firemen hope to load the fire engines with youngsters and tour the town until everyone who wants a ride will have had one.

Need Town's Support

Also scheduled for tonight is the grand drawing that is an annual event of the festival.

Firemen pointed out today that the need for support by the general public is greater at this time than in previous years.

"The company has purchased a new ladder truck which will cost \$1,850. In addition several hundred dollars will have to be spent to change it slightly for our uses and to send firemen to Wilmington to get the truck. The company has also purchased a lot of equipment including helmets and raincoats which were needed this year. The way we have to secure money is through these annual festivals and the public can help us greatly through its attendance at the bazaar," Fire Chief James A. Aumen said.

CODLING WORMS ARE PLENTIFUL

Codling moth worms are still plentiful in Adams county orchards, according to the fourth cover spray letter sent out this week by M. T. Hartman, county extension service agent. Fruits, Hartman warns, must be kept covered to prevent damage.

Cool nights have somewhat retarded insect activity, but frequent rains have washed off spray deposits, making necessary plenty of spray material per tree to provide an effective coverage. Rain and cool temperatures have also been favorable for scab, Hartman says.

The purpose of the fourth cover spray is to control the codling moth and other leaf and fruit eating insects, and to prevent further infection of the fungi causing scab, sooty blotch and black rot.

To each 100 gallons of water should be added one-half pound of copper sulphate (blue); two pounds of fresh spray lime and three pounds of lead arsenate. A fine mist on lower parts of trees and a driving spray on the tops is recommended.

French Rail Strike Doesn't Stop Prof.

Dr. Albert Bachman, member of the Gettysburg college faculty, didn't let a little thing like the recent railroad strike in France upset him.

On a tour of Europe Doctor Bachman reached Paris. He wanted to go to Switzerland, his home, and made a dash for the border when he learned of the impending strike. He reached Switzerland just when the strike broke. However, his trunk was left in Paris, "stalled" by the tieup.

Wishing to visit some American Army friends with the United States Army of Occupation in Germany, Doctor Bachman discovered that their addresses were in the "stalled" trunk. Undaunted, Doctor Bachman dispatched an airmail letter to friends in Gettysburg who immediately airmailed the addresses to Doctor Bachman in Switzerland. The first letter reached Gettysburg seven days after it was posted abroad.

UN PALESTINE BODY AT WORK

By EDWARD CURTIS
Jerusalem, June 20 (AP)—The United Nations Palestine committee descends today into the world's lowest area—the Dead Sea coast—to continue its on-the-spot study of the knotty Holy Land problem in the face of an official Arab boycott and signs of uninterrupted Jewish extremist preparations.

The 11-nation committee, which yesterday saw Haifa with its mixed Jewish-Arab-Christian population, planned to stop today at the all-Arab city of Jericho and the Jewish settlement of Beth Haarava, both in the Dead Sea neighborhood at the southern end of the Jordan river valley. The body of water is 1,266 feet below sea level.

Before visiting these communities, committee members were scheduled to inspect the potash works, source of bromine and other chemicals, on the northern seacoast.

Beth Haarava was founded on soil originally 16 per cent salt. The settlers washed the soil and now have it in agricultural production.

Last night in Haifa, a truckload of dynamite exploded not far from an English girls' school in a residential section. No casualties were reported. A private source said underground fighters were believed to be hauling the dynamite when it blew up.

'Kids' Council'

(Continued from Page 1)
over to the borough council at its next meeting by Burgess C. A. Heiges.

Shower of Red Tickets

The council meeting was one of the high spots of "Kids' Day," others included the work of the Junior policemen in policing the town. They interpreted the parking meter regulations literally, and if there was a minute left on a parking meter the youngsters waited until the minute was up and then tagged the cars. They tagged cars for parking on the wrong side of the street in the various sections of the town not governed by meters and in general "cleaned up the borough" in regards to traffic violations.

Up to noon they had distributed 50 cards for parking violations and by that time so many adults had complained that Adviser Albert Wolford told the youngsters to go easy in marking violations. Several borough councilmen were said to have been among those who "got caught" by the youngsters.

The first man tagged, A. R. Unks, South street, seemed to enjoy the whole thing. Told by Wolford that the tag actually was illegal because the youngsters were not borough policemen and that he could pay or not pay as he wished, Unks immediately turned in his \$1 and complimented the Junior policemen on their work.

300 At Dance

Shortly before noon 50 Reading Junior policemen arrived and were guests of the local Junior police for the day.

Thursday evening the youngsters concluded their "day" with a dance at the Hotel Gettysburg annex. About 300 jammed the annex for the event.

The three awards given by the Junior police club Thursday night were won as follows: Rifle, Clyde W. Topper, Gettysburg R. 3; fishing rod, William David Stonesifer, South Washington street; fishing reel, Albert Lott, Gettysburg R. 1.

By HUGH FULLERTON, Jr.
Detroit, June 20 (AP)—After nearly a year of waiting, committees representing organized baseball and college coaches are due to get together next week to discuss an agreement about letting college ball players stay in school.

They talked it over once and got nowhere and this time Commissioner Happy Chandler explains: "We'll do all we can to keep the boys in college. We'd like to go all the way, but I'm not sure we can under the circumstances. It is the competition from football that worries us."

Ex-Champion Byron Nelson, who's having the time of his life just being a spectator at the P.G.A. tournament here, tells this one about the time Bing Crosby followed him around in a tournament.

The crooner said he'd stick around until Byron missed a shot. Two days later Nelson flubbed one and Crosby said: "That's it, son," and walked off the course.

Chick Werner, Penn State track coach, has been puzzled at the way his star miler, Gerry Karver, keeps staring at the cinder path while he gallops around.

While Gerry was tuning up for the N.C.A.A. and A.A.U. meets the other day, Werner decided to test him by tossing a handful of coins on the track in front of the runner.

Karver made two more laps without lifting his eyes or noticing the dough and later explained: "I guess my mind is somewhere else."

RED SOX GAIN LEAD; PIRATES WALLOP GIANTS

By JACK HAND
(Associated Press Sports Writer)

Baseball's dizzy pennant races are reverting to form as the clubs approach the one-third mark with another Boston Red Sox-St. Louis Cardinals world series a distinct possibility.

Mention of such a pairing would have prompted loud hoots and a hurry-up call for the booby wagon two weeks ago. Now the Red Sox are in first place with an unbroken eight-game winning streak and the Cards have surged from last to fifth, only 4½ games out of first, by winning their last seven straight.

The Red Sox moved into the American league lead yesterday, while enjoying an open date, on the strength of Chicago's 6-4 victory over the New York Yankees.

Boston's Braves began the new national league pace setter, while watching the rain wash out their scheduled game in Cincinnati, because New York fell before Pittsburgh, 12-2. But while the Braves, Dodgers, Giants and Cubs have been shuttling in and out of first place, all hands have been conscious of the Cards' rush toward the top.

Mort Cooper failed in spectacular fashion, being clubbed for eight hits in 2 2/3 innings of his Giants' debut. Three other New York hurlers were treated roughly and the Giants suffered another serious blow in a serious injury to Lefty Montia Kennedy. The young southpaw was hit in the head by a line drive off the bat of Walker Cooper in batting practice. He suffered a linear fracture of the skull and will be out at least three weeks.

Brooklyn swept the entire three-game set from the Chicago Cubs, elbowing into third place, on a 5-1 success against Johnny Schmitz. Ralph Branca posted his eighth win on an eight-hitter.

Those amazing Philadelphia A's knocked over Detroit, 8-4, and advanced to within 2½ games of the lead.

Washington eked out a 3-2 margin over Cleveland for Early Wynn's eighth victory. Tom Ferrick repulsed a late tribe threat when Wynn weakened in the ninth. Bryan Stephens whose big league win came at the Senators' expense May 15, went down with his fourth straight loss.

Boston and St. Louis in the American and Philadelphia and St. Louis in the national were not scheduled.

Headlining the contests scheduled in the Adams County league game over the week-end will be the clash between Bendersville and Arendtsville at Arendtsville Sunday afternoon at 2:30 o'clock.

A victory for Bendersville will practically assure them of the first half title race which ends on July 4 while an Arendtsville triumph will give the Apple Pickers and Hanover and excellent chance to get back in the running.

Orrtanna will meet Gettysburg here Saturday afternoon at 2:30 o'clock.

Other games listed for Saturday include Hanover at New Oxford, McSherrystown at Bendersville, Littlestown at Fairfield, and Arendtsville at Emmitsburg.

All-Star Softball 9 Will Meet Penbrook

An all-star softball team under the management of Johnny Grinder will tangle with the strong Penbrook Vets Sunday afternoon at 2:30 o'clock at Marsh Creek Heights.

Most of the all-star aggregation are players in the Community Softball league.

For the second straight day, the loop's number one and two teams, Allentown and Harrisburg, went down to defeat, the front-running Cardinals absorbing a 12-7 lacing at the hands of York and Harrisburg dropping a 10 to 1 decision to the Wilmington Blue Rocks.

Meanwhile, the Hagerstown Owls flattened the Lancaster Red Roses 9 to 5. Trenton and Sunbury were not scheduled.

Thus Hagerstown and York advanced into a three-way tie with Trenton for third place, three and a half games behind Harrisburg, who ranked four games off Allentown's pace. It was the first time since the early days of the season that the race was so close.

The Trenton Giants, whose amazing June surge has carried them from the cellar to third, entertain Allentown and York plays host to Harrisburg in series that may go a long way towards determining the loop winner. Hagerstown has an easier time of it with last place Sunbury.

St. Marys, Pa., June 20 (AP)—The jubilant cry of "play ball" has silenced the fearful tocsin, "Cheese it, the cops" in this thriving community which successfully has attacked juvenile delinquency with a baseball bat.

Conceived by a Catholic priest, Father Boniface, now stationed in Jeannette, this city's "Knothole league" is an organization which keeps boys out of mischief by playing baseball.

Leading citizens credit the league, now in its fourth season, with being the most important single factor in making juvenile delinquency virtually non-existent in St. Marys.

The league is composed of more than 450 boys playing baseball in age groups from eight to 18.

Baseball Reduces Juvenile Problem

St. Marys, Pa., June 20 (AP)—The jubilant cry of "play ball" has silenced the fearful tocsin, "Cheese it, the cops" in this thriving community which successfully has attacked juvenile delinquency with a baseball bat.

Conceived by a Catholic priest, Father Boniface, now stationed in Jeannette, this city's "Knothole league" is an organization which keeps boys out of mischief by playing baseball.

Leading citizens credit the league, now in its fourth season, with being the most important single factor in making juvenile delinquency virtually non-existent in St. Marys.

Detroit, June 20 (AP)—Defending Champion Ben Hogan, hard-hitting, methodical little man, and Medalist Jimmy Demaret, top tournament money winner of the year, led 64 qualifiers into match play of the National PGA championship today.

The two stars from Hershey, Pa., and Ojai, Calif., and the other survivors of two days of heated qualifying rounds started whacking away at each other in man-to-man struggles in the opening 18-hole round of match play.

Bethlehem, Pa., June 20 (AP)—Carl L. Mann, former boxing coach at Purdue university and the University of Maryland, has been named head athletic trainer and assistant in physical education at Lehigh university. He also served as physical education instructor at the University of Connecticut and athletic trainer at Georgetown university.

Philadelphia, June 20 (AP)—George Fonder of Lansdale, Pa., flashed to victory in the five-mile George Robinson Memorial sweepstakes, the feature midget auto race last night. Timed in 5:43.84, Fonder won over Tony Bonadies of Bronx, N. Y., and Jeep Colkitt, Paterson, N. J.

Today's Talk

AMONG FRIENDS
I like that statement "always among friends." What better, or higher, testimony to be given to anyone? Friendship is an art, and it never should become a lost art. To be a friend is indicative of having a friend, in fact—many friends.

It is no small thing to be a friend. It involves patience, a tolerant spirit, a sympathy, and great understanding. I like Stevenson's statement—"a few friends, but those without capitulation." A true friend radiates his very substance, draws others to him, and contributes character to every contact with others.

We can stretch ourselves with our friends. We can be frank and open. We will be understood. We can select each one, as well. And it is wise to select those who have many opposites to our own. Thereby we become enriched and corrected, in addition.

Among friends we can become relaxed and enjoy companionship. A friend is always at home among other friends of his kind. There is always a community of interests that enriches and inspires. Even among strangers a friend radiates his friendliness and invites communication. Even though these talks may be read by many, in many countries, and among many types of people, and by people whom I shall never have the privilege of meeting, I know that I am among friends as I dedicate each talk to them.

What a heritage a friend is, anyway! If a good name is rather to be chosen than great riches, then surely a friend is beyond all price. A refuge in time of need or trouble, and a staff upon whom to lean in times of sorrow and temporary defeat.

In the midst of confusion and fear, to look about us and feel that there are those who are immovable under assault and that they belong to us in understanding, is to be happily assured in every emergency of life. We are never quite sure of a friend until test proves him to be one.

I once read of the meeting of Nora Perry, poetess, and Wendell Phillips, upon the streets of Boston. He asked her where she was going and her reply was "To meet a friend." Quickly spoke Phillips—"Oh take me with you. I want to meet one!"

Tomorrow Mr. Adams will talk on the subject: "I Like—"

THE FALL OF THE SOUTHERN KINGDOM
Rev. Howard R. Gold, D. D.
Margaret C. Gold
II Kings 25:1-12
Memory selection: Righteousness exalteth a nation; but sin is a reproach to any people. Proverbs 14:34.

National security is dependent upon obedience to the laws of God, respect for the rights of individuals and nations, and mutual trust. Judah lacked this security because she lacked moral and spiritual strength. The tragic story of the last years of Judah's history has been repeated many times since; in the fall of Rome; in the disintegration of Greece with her arts and culture; in the recent pitiful failure of a highly commercial and scientific Germany. These nations followed Judah's road to doom. Causes of decay and disaster are similar—loss of true religious feeling and worship, selfishness and greed of leaders, and disregard for justice.

Generally there arise God-fearing men who preach of national evils. Too often their warnings are disregarded and ignored, just as Jeremiah was ignored before the final destruction of Jerusalem. He pled with the people to bow to the yoke of Babylon and spare Jerusalem but they would not. Instead the prophet was despised, branded a traitor and thrown into a dungeon.

Fate of Judah's Kings
The record of the last four kings of Judah represents the last 23 years when the kingdom was in its death agony. Josiah was the last genuinely good king. Three sons and a grandson followed him. Jehoahaz ruled three months and was deposed by Egypt in favor of Jehoakim because he believed in an independent state. Jehoakim was only a vassal, first of Egypt and later of Babylon. He was lawless, built lavishly and exhausted Judah's resources. We recall how he cold-bloodedly destroyed Jeremiah's prophecies.

Then came Jehoachin, youthful grandson of Josiah, who surrendered and was taken captive during the first siege of Jerusalem. Archaeologists have uncovered Babylonian bricks and jar handles with Jehoachin's name inscribed that confirm the story of his 37 year imprisonment there.

Zedekiah, last and weakest of the kings, was placed there by Nebuchadnezzar. During the final siege of the city when Egypt sent no help, he attempted to escape by night, was pursued and captured on the plains of Jericho. Dragged before Nebuchadnezzar at Riblah "they gave judgment upon him." "And they slew the sons of Zedekiah before his eyes, and put out the eyes of Zedekiah, and bound him with fetters of brass, and carried him to Babylon." Judah thus suffered her last great humiliation.

Fate of Jerusalem
After the first siege of Jerusalem everything of value was carried away by the Babylonian conquerors. The king, Jehoachin, the princes and nobles, "all the mighty men of valor," and many hundreds of craftsmen were deported—probably 10 or 11 thousand. Along with his group went Ezekiel, then a young man. The remaining citizens according to Jeremiah were "bad figs"—upstarts with no character.

God employed Nebuchadnezzar as

his servant to destroy Jerusalem and punish a wicked and corrupt Judah. The final siege began in 587 B. C. The city walls were high and strong and it was no easy task. The defenders gradually became weakened by famine and after 18 months were overcome. It occurred in the 9th year of Zedekiah's reign, 586 B. C. The great City of David had fallen—a sign of doom and future exile. The captain of the guard burned the Temple, the palace, and all the houses of Jerusalem. The army of the Chaldeans completed the carnage. Only the "poorest of the land" were left to slave as vine-dressers and farmers.

Fate of Prophets and People
No wonder Jeremiah wept over the desolation of Jerusalem and the captivity of Judah! There is a Grotto of Jeremiah against a rocky hill on the western side of the city where the prophet poured out his lamentations. Michael Angelo has immortalized him in a life-sized painting in the Sistine Chapel where Jeremiah sits with head bowed in sorrowful thought. Jeremiah was dragged along with a stream of exiles into Egypt. Possibly there are Christian leaders today whose proposals are heeded as little as those of Jeremiah.

A larger stream of exiles were driven north of Damascus and then southeast to Babylon. Judah's best citizens were with this group. They settled in Babylonia and Ezekiel ministered to them.

Long lines of captives chained together were marched from one part of the empire to another. Every such march is accomplished by cruelty. Americans will never forget the dreadful March of Death after the fall of Bataan. We can imagine those forgotten Hebrews treading the dusty roads and beating their breasts while repeating the words of Jeremiah:

"Woe to us! For we have sinned, For this our heart has become faint; For these things our eyes have grown dim; Because of Mt. Zion which lies desolate."

Questions
1. Mention a few causes of the fall of the Southern Kingdom.
2. How many kings followed Josiah? Name them.
3. Who were carried to Babylon with Jehoachin?
4. What prophet accompanied this group of exiles?
5. When did Jerusalem finally fall?
6. Who served as God's instrument of destruction?
7. What was Judah's final humiliation?

Answers
1. Loss of religious feeling, selfishness of leaders and moral weakness.
2. Four, Jehoahaz, Jehoakim, Jehoachin, and Zedekiah.
3. All the "best of the people," around 10,000.
4. Ezekiel.
5. 586 B. C.
6. Nebuchadnezzar.
7. When Zedekiah was captured and blinded.

SPEED TO MARK EUROPEAN AID

London, June 20 (AP)—British Foreign Secretary Ernest Bevin vows that in launching a cooperative effort for European economic recovery under the Marshall plan he intends to brook no delays such as those which stymied the recent foreign ministers' conference in Moscow.

Eagerly awaiting a response from Russia to a joint British-French request that the Soviet Union participate in drafting an aid-to-Europe program, Bevin declared in the House of Commons last night that "the guiding principle I shall follow in any talks I have on this matter will be speed."

"I spent six weeks in Moscow trying to get a settlement," he asserted. "I shall not be a party to holding up the economic recovery of Europe by the mess of procedure, terms of reference or all the paraphernalia which may go with it."

"The reply of the Soviet government is awaited," he continued, "and the House will understand that until it is received there is nothing I can usefully say on the subject today. I know the great interest of the House in the U. S. proposals and I wish very much it was possible to say more about the position."

The British press gathered from the tone of Bevin's speech that Britain and France definitely intended to go ahead with work under the suggestions made two weeks ago by Secretary of State George C. Marshall—either with or without Russian participation.

Warren, Pa., June 20 (AP)—Work is under way on a glass container plant for the Knox Glass Bottle Co. to average good short feds and grasses predominated, 118-22.50. Cows 50c. lower than earlier and medium and medium of dairy breeding, \$13-16, with top-medium beef, \$19. Canners and cutters, \$10-13, with shelly canners, \$8.

Top of top-good and choice feeder steers around 570 pounds, \$22.75. Medium to average good stocker and feeder steers, covering a wide range of weights, \$18-21.

CALVES—Vealers slow and steady with Wednesday's \$1 decline. Late trade drags, with the outlet limited. Mixed lots of good and choice 160-220 pound vealers largely \$20-24, with strictly choice, \$25. Common and medium, \$18-19, and culls around \$8, with some underweights \$5.

HOGS—Trading active with all interests the market. Prices 25c. lower than Wednesday, dropping the practical top to \$23.50. Good and choice barrows and sows, 120-140 pounds, \$23-23.25; 140-160 pounds, \$24.25-24.50; 160-250 pounds, \$25.35-25.50; 250-275 pounds, \$25.50-25.75; 275-300 pounds, \$25.50-25.75; 300-350 pounds, \$25.50-25.75; 350-450 pounds, \$25.50-25.75. Good and choice sows, \$18.50-18.75, with heavy sows considerably lower.

SHEEP—Spring lambs fairly active and steady with Wednesday. Practical top and standard price, \$24. Mixed lots of good and choice, 70-90 pounds, \$23-24. Mixed lots of medium and good, \$18.40-22.50. Army Jet Plane Regains World Speed Record For U.S. With 623.8 Mph. Clip

LOCKHEED BUILT FIGHTER P80-R BEATS BRITISH

Muroc, Calif., June 20 (P)—An army jet plane, the P-80-R, has regained the world speed record for the United States—at 623.8 miles per hour.

Striking but 50 feet above the Mojave desert near Muroc Army Air Field, Col. Albert Boyd of Ashville, N. C., guided the Lockheed-built fighter yesterday on four runs over a 1.86 mile (three kilometer) course. The average topped by 7.8 M. P. H. the 616 M. P. M. mark set by a British Gloster Meteor jet plane September 7, 1946.

With the wind, the P-80-R reached speeds of 632.5 and 630.5 M. P. H. The upwind runs were made at 617.1 and 614.7 M. P. H.

The record will not be official until certified by the Federation Aeronautique Internationale in Paris. Official observers, however, pointed out that the new mark was made over the standard course and according to all other international speed rules.

"Keeps You Busy"

It was the first time in 24 years that the United States moved into the top position, although a P-84 jet moved the mark up from 606 to 611 M. P. H. the same day the British announced 616 M. P. H.

The pilot, Col. Boyd, is chief of the flight test division of the Air Forces' Air Materiel Command at Wright Field, Ohio. Although aloft only 21 minutes during the entire procedure, he had his hands full.

"It keeps you busy as hell," Col. Boyd declared. "There are so many things to do and so many instruments to watch. You have water injection to turn on and off for more power. And you must not exceed the prescribed altitude and must keep on the course."

"But it's a great feeling to set a new record."

East Berlin

The framework is being erected at the former Charles M. Wolf property purchased in September by Mr. and Mrs. William E. Brown, near here, who razed the original house some months ago in preparation for the erection of a new one. Among shortages developed during World War II are lighthouses, owing to wartime destruction and lack of maintenance.

SOUND SLEEPER

Los Angeles, (P)—Factory worker Harry Hughes, 25, set two alarm clocks when he came home from work and settled down on the sofa for a nap. His dog curled up on the rug beside him. Both were snoring when Mrs. Hughes came home. A window screen had been cut and the house burglarized. The loot included the two alarm clocks, Hughes told police.

After three-year-old Gerald Drizin (above) was found choked to death in his crib in his Chicago home, his mother, Mrs. Betty Barrows, 22, told police how she was awakened by a growl who fled after she screamed.—(AP Wirephoto)

Cargo Of Bees Attacks Engineer

Philadelphia, June 20 (P)—There are sometimes when a beeline isn't very fast.

Frank Coulton could attest to that today.

The engineer of the Reading railroad's Philadelphia-Doylestown (Pa.) train, was attacked by a swarm of bees which had been loaded into the baggage car.

Coulton made a beeline from the cab—and the train was delayed nine minutes.

WOOL BECOMES VITAL TOPIC IN WORLD AFFAIRS

By JAMES MARLOW

Washington, June 20 (P)—Wool is in the news now but in a way that is bigger than wool itself.

It involves the welfare of American woolgrowers. But it also involves our hopes for good foreign trade.

We need more wool than we grow. Last year we grew 300,000,000 pounds. We imported more than twice that much.

In wartime American woolgrowers had to sell to the government. In return, by law the government had to pay them 40 to 42 cents a pound, a good price.

Had to Keep It

What happened to that American wool the government was buying up? Nothing. It had to keep it. By law, it couldn't sell it for less than it had paid for it, which was 40 to 42 cents a pound. It would be losing money. (The government couldn't sell this stockpile—it's about 500,000,000 pounds now—at 40 to 42 cents a pound because the foreign wool coming in was selling for less.)

So, should the government, already loaded with a stockpile, continue to buy American wool? Should it try to sell the stockpile? How could American growers be protected from foreign competition?

Solution By Congress

Congress tackled those questions. Yesterday, after months of trying, it finished up a bill. If it becomes law, the bill means this:

1. The government must continue

to help American growers by buying their wool at 40 to 42 cents a pound, at least until December 31, 1948.

2. Then the government can sell this wool, and what it has in the stockpile, at any price, even though lower than 40 to 42 cents.

3. As another means of protecting American growers, the government can—but doesn't have to—fix quotas or import fees. (By quotas he could limit the amount of foreign wool coming in and by import fees he could add a tariff to the present tariff of 34 cents a pound.)

No one knows whether the President will sign the bill. If he doesn't, American growers will suffer, and for this reason: The law compelling the government to buy American wool expired April 15.

Talk or Action

If the President signs the bill into law, what happens? The State department fears it will hurt our efforts to build up foreign trade.

For weeks this government has been meeting with other nations at Geneva to work out a program to help the trade of all nations, including ours.

The heart of the program is to lower tariffs by all nations on the goods imported from one another.

But right in the midst of the Geneva conference Congress passed the bill to put a crimp in the competition from foreign wool.

Now other nations are watching to see whether we talk about lowering tariffs to increase foreign trade while trying to shut out some of it.

UNION DEMAND

Yokohama, (P)—A newly-formed janitors' union included in its first set of demands that employers stop hailing them with the expression "oi!" (hey, you!). Instead, they insisted, they should be addressed as "janitor-san" (mister Janitor). The employers agreed.

Says Nuernberg Trial Was Function For UN

Tamiment, Pa. June 20 (P)—Louis Waldman, chairman of the Tamiment, social and economic institute and New York labor lawyer, declared today "the time has come for the judicial arm of the united nations to get into action."

"The United Nations," he told 400 delegates to the institute's 15th annual conference, "should serve notice now upon all heads of nations plotting and carrying out aggression, that they will be held personally responsible before courts of international justice for such acts and that they may pay for it with their lives."

"Unfortunately under the charter," he continued, "the court of international justice has jurisdiction only in cases which are voluntarily submitted to it by disputing powers. But a new avenue for action by a United Nations court has been opened by the precedent created in the Nuernberg trial. That trial," he said, "was definitely a United Nations operation."

U.S. EFFORT TO SAVE GREECE IS READY TO BEGIN

By EDWARD E. BONAR
Washington, June 20 (AP)—The American effort to keep Greece out of the clutches of Communism with an outlay of possibly \$400,000,000 is ready to swing into action next week. Key members of an official civilian mission of about 40 persons are expected to leave then for Athens to join a military mission already on a scene.

The civilians will set up a staff—organized somewhat along military lines—which for the next year will actually take over the management of Greece's economic life.

The Athens government agreed yesterday to this means of giving effect to American efforts to restore economic well-being and to safeguard the strategic Mediterranean nation from internal and external Communist pressure.

Related Story
Aside from the tight economic controls, it has been reported authoritatively but unofficially that the United States will favor reform of the Greek government itself to give greater influence to "center" and non-Communist "leftist" elements.

Greece's promise to marshal her own resources fully cleared the way for a belated start on the undertaking. Publication of a note containing the pledge was followed by State Department announcement of the appointment of George C. McGhee as Washington coordinator of both the Greek and Turkish aid programs.

McGhee, war-time naval air intelligence officer before becoming special assistant to Undersecretary of State W.H. Clayton, has been in charge of preparations from the start.

The operating staff at Athens, under State Department plans, will have separate sections for fiscal affairs, health, industry, agriculture, relief, and other functions.

About one sixth of the American Indians in the United States are Navajos.

Strip Mining Law Is Not Retroactive

Harrisburg, June 20 (AP)—All presently abandoned strip mines in the anthracite region, whether hazardous or not, will remain unaffected by new regulations ready for signature into law by Gov. James H. Duff.

Any new operations started after the governor approves the legislation passed by the general assembly Monday will, however, come within the scope of the law.

A special section of the measure also precludes retroactivity of the regulations for strip mining currently underway, except to hold operators responsible for backfilling and planting for areas stripped after the effective date of the law.

Approximately 60 operators now strip mine 10,000,000 tons of hard coal annually.

Father Slain In Argument With Son

Fort Lauderdale, Fla., June 20 (AP)—Chief Deputy Sheriff Robert Clark said today that Robert Dane Butters, 16, shot and killed his father Wednesday in an argument over a motorbike.

The officer declared the boy freely admitted the shooting of his father, 47-year-old Lester A. Butters, and said he "wasn't sorry."

The youth told the deputy sheriff that his father beat him after a quarrel over a motorbike, Clark said. The youth added that he and his mother, Mae, had separated from the father last week.

Mrs. Butters, Clark added, told him: "I've lived in fear of my husband for 15 years, and I won't shed a tear over his death, but I'm sorry my boy had to do it."

PRODUCTION IS BIG OIL PROBLEM

Bradford, Pa., June 20 (AP)—The oil industry's principal problem is "not one of prices but of providing maximum quantities of oil products," Eugene Holman, president of the Standard Oil company (N. J.), told the Bradford District Pennsylvania Oil Producers association last night.

Holman said present crude oil prices are adequate in a majority of cases, although a record demand for petroleum products creates a strong urge to build up prices in the competition for tight supplies.

The oil company executive said the industry was in the midst of its largest construction program in history, but predicted supplies of crude oils and products would remain "tight" for 12 to 18 months but not "critically so."

"During the war," he said, "industry concentrated on maintaining production with the minimum expenditure of manpower and material, and by building special units for war use, such as 100 octane gasoline plants, which in themselves did not result in any important addition to total refining capacity.

"Not in the shortest possible time, it is necessary to catch up with normal replacements and at the same time greatly expand capacity in every operation from the drilling rig to the tank truck."

MANY BANKS USE NEW LAW

Harrisburg, June 20 (AP)—Approximately half of the 1,071 banks in Pennsylvania are taking advantage of the newly authorized Saturday bank holiday, State Banking Secretary D. Emmert Brumbaugh said today.

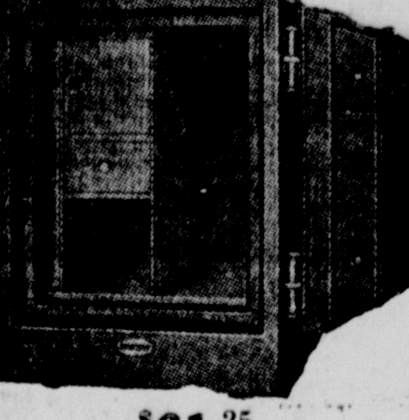

"Surprisingly enough, these include many banks in rural communities," he told a reporter in also disclosing practically all of the banking institutions in metropolitan areas are closing Saturdays.

Gov. James H. Duff signed into law May 1 legislation authorizing all

state and federal banks in Pennsylvania to observe a five-day week, dropping Saturday as a banking day.

Brumbaugh said most of the institutions are closing Saturdays during the summertime at least, predicting: "If they decide it does not interfere with their operations

too greatly, it is possible many of the banks will observe Saturday as a year-around holiday."

Under the law, banking institutions may at the discretion of the board of directors set Saturday as a banking holiday if they post public notice 15 days in advance of adoption of the plan.

Mrs. Charles W. Weikert was installed as president of the Woman's community club of Littlestown and vicinity at the monthly meeting Tuesday night in the P.O.S. of A. hall.

Mrs. Emma Haines Mehring conducted the installation service at which time the following officers were also installed, to assume their duties at the September meeting: first vice president, Mrs. Carl H. Baumgardner; second vice president, Mrs. Fred Blocher; recording secretary, Mrs. Samuel Renner; assisting recording secretary, Mrs. Harry Harner; corresponding secretary, Mrs. George DeHoff; treasurer, Mrs. Wilbur A. Bankert. Outgoing officers not re-elected are: second vice president, Miss Grace Kindig; recording secretary, Mrs. J. R. Riden; assistant recording secretary, Mrs. Holman Bell and corresponding secretary, Miss Malva Duttera.

The president was in charge of the meeting which opened with the singing of America and the recitation of the Club Collect. The minutes of the April and May meetings were read by the secretary, Mrs. J. R. Riden and the treasurer's report was given by Mrs. Harry T.

Harner, in the absence of Mrs. Wilbur A. Bankert.

Asks Aid For Library

Annual reports were heard from the chairman of standing committees. Mrs. Luther Ritter, program chairman, announced that suggestions from club members should be submitted at the end of the meeting, in order that the committee might select those programs most desired by the majority. Mrs. Donald Lemmon, substituting for Mrs. George DeHoff, finance chairman, announced that the various circles whose chairmen and members were arranged at the beginning of the club year, had thus far turned in the cash amount of \$195.08. Mrs. Donald B. Coover, welfare chairman; Mrs. Cloy Crouse, membership chairman; Mrs. Louise Duttera, music chairman; Mrs. Harry T. Harner, cheer committee chairman; and Mrs. Edward Leister, Civic Service chairman, submitted brief reports.

Mrs. Roy Renner, chairman of Education committee, announced that there has been no materialization of the plans under consideration for the establishment of a kindergarten, public or private, as yet. A suitable place has not been found. The president wished to clarify the club's desire in the matter, which is to assist someone in or near Littlestown, who wishes to conduct a kindergarten class. If there is such a person, she should contact the president, or any member of the Education committee. Mrs. Weikert thanked the chairmen of committees and all club members, collectively and individually for their helpful attitude throughout the past club year, her first term in office.

She made a special appeal to members and non-members of the club on behalf of the Littlestown branch of the Adams County Free Library. More adequate housing for the library is desirable and custodians are urgently needed. All interested citizens of the town are asked to lend their support as workers and as patrons. Those desiring further information may contact Mrs. Weikert. The hours that the library is open could be arranged to coincide with the free hours of those who may wish to serve as custodians.

Vote Girl Scouts \$10

Mrs. Edward T. Richardson, who had been appointed by the president to meet with other representatives of local civic organizations in the interest of establishing a community center, reported on the meeting. Mrs. Richard Long and Mrs. Fred Blocher were appointed as auditors by the president; it is their duty to audit the books and to present a report at the September meeting.

In response to an appeal from the Adams County Girl Scout Council, the club voted a contribution of \$10. The Auxiliary of the Warner hospital was voted a contribution of \$5 for the purchase of a sponsor's ticket. An appeal from United Service to China was tabled. It was decided that a surprise treat be arranged for the Girl Scouts who are camping and who will go camping during the summer.

The president announced that the last event on the club calendar for this year will be the annual picnic in July, the details of which will be announced later. The Education and the Legislation and Citizenship committees will work together. The

members of the committees are Mrs. Roy Renner, chairman; Mrs. Harry W. Badders, Mrs. John Fleming, Mrs. Milton Harner, Mrs. John LeGore, Mrs. Preston Myers, Mrs. George Smith, Mrs. Hamilton Walker, Mrs. Orville Sontz is chairman. Mrs. Paul Altkoff, Mrs. William Dixon, Miss Evelyn Hornberger, Mrs. Edward T. Richardson, Mrs. Maurice Rider, Mrs. Holman Bell and Mrs. Harry J. Irvin.

Musical Program

The annual sealed program followed the business meeting. It was a musical program in charge of Mrs. Carl Baumgardner, chairman of the program committee for the evening, and began with a piano solo, "Rhapsody," by Dohnanyi, played by Miss Elizabeth Groft, a recent graduate of Hood college, who will teach music next year in the Taneytown schools. A tap dance to "Anchors Aweigh" was presented by the Busch sisters, Dolores and Janet, from Harney, who are pupils of a Baltimore dance teacher. Miss Hazel Hess was the piano accompanist. Miss Hess sang a vocal solo, "One Spring Morning," by Ethelbert Nevin, and was accompanied by her sister, Miss Edith Hess. The vocalist is the teacher of music at Hoffman's Orphanage.

Solo tap dances were given by Miss Janet Busch to "The Darktown Strutter's Ball" and "Five Minutes More." Miss Hazel Hess sang a vocal solo, "The Hills of Home," by Oscar Fox. A solo acrobatic waltz was presented by Miss Dolores Busch to "Southern Roses." A piano solo, "Interpretation of a Barn Dance," by Rudolph Gantz, was played by Miss Elizabeth Groft. Little Miss Carole

Jean Busch joined her sisters to make a trio which dwinded to a duet tap dance in "Tea For Two." Each dance brought forth a change of costuming for the girls, which added much to the pleasure of the audience. The program ended with a vocal solo, "The Lord's Prayer," by Alfred Malotte, sung by Miss Hess.

Other members of the program committee were Mrs. George BeMiller, Mrs. Robert Crouse, Mrs. Milton Harner, Mrs. Albert Lawyer, Mrs. Edward Leister and Mrs. Frederick Seibel. The hostess committee who served refreshments at the conclusion of the program, at which time a social hour was enjoyed and various committee meetings held, was Mrs. Edward T. Richardson, chairman; Mrs. Millard Basehoar, Miss Malva Duttera, Mrs. Clayton Evans and Mrs. Maurice Rider. The president reminded the club members of the September meeting at which time the annual garden display will be held, with Miss Edna Blocher, chairman of conservation and gardens, in charge.

The Junior Police baseball team is collecting old newspapers and magazines, and discarded automobile batteries. Proceeds from the sale of these materials will be used for the purchase of equipment for the team. Persons having paper or batteries they are willing to give to the boys are asked to contact Richard Little, Jr., or Chief of Police Leon H. Gage.
